

Superior Hydrogen Hydration To Fuel Your Life!

Water naturally charged by the earth is rich in molecular hydrogen and has antioxidant properties.

H₂FUEL charges your water to produce anti-aging, electron-rich, hydrogen-infused water. Now you can enjoy charged water everywhere you go with H₂FUEL!

Tap And Bottled Water Has No Charge!

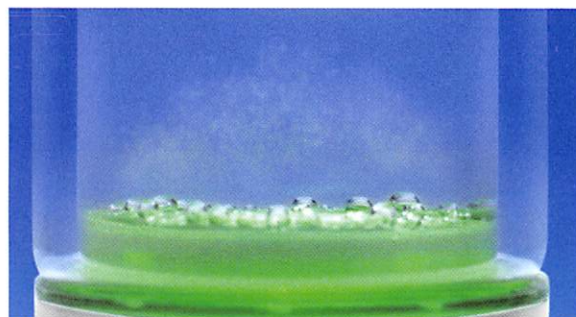

Chemically treated water sent through long pipes loses its natural electrical charge. Overprocessing also strips water of electrons – so it loses its natural ability to fight oxidation, aging and inflammation.

SPECIFICATIONS

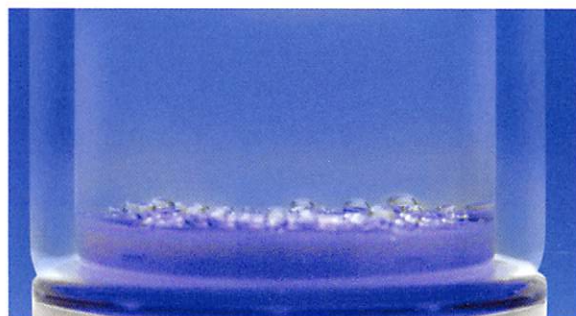

Model	H2Fuel (W2000A)
Size	9 1/4" H x 2 1/2" W
Weight	390 g
Output	DC5V 1A
Capacity	380 ml
Hydrogen (H ₂)	0-999 ppb
ORP	-250 ~ -650 mv

Hydrate For Health!

For the first time in North America, Vollara is introducing a revolutionary way to stay hydrated. H₂FUEL, the essential portable water bottle that can be taken anywhere for superior hydration. Simply charge it, fill with water, push the button and watch as hydrogen bubbles transform the water in just a few minutes.

A green light indicates the unit is in operating mode and hydrogen bubbles will rise from the bottom of the bottle.

A blue light indicates the unit has reached its set time (3-5 minutes) and is in standby mode.

Drink Electron-Rich Charged Water!

Artesian and underground flowing water are rich in energy, electrons and molecular hydrogen. These properties give natural anti-aging and physical energy to water.

Drink charged water to give you natural energy and balance.

H₂FUEL charges water through electrolysis giving it added electrons and molecular hydrogen to create water that works!

75% Of Americans Show Signs Of Chronic Dehydration.

Intracellular hydration is fundamental to health and energy! H₂FUEL uses electrolysis to infuse an adjustable amount of activated hydrogen (H₂) into drinking water to increase intracellular hydration and reduce oxidation associated with physical exertion and aging.

H₂FUEL Video

Water That Works!

H₂FUEL is the mobile companion to Vollara's market-leading, Living Water healthy home technology. H₂FUEL makes it easy to have hydrogen-rich hydration anywhere you go!

H₂FUEL charges your water to deliver electron-rich, hydrogen-infused hydration to your cells to flush cellular waste and toxins from your cells! If you're going to drink water, doesn't it make sense to drink water that works vs. water that doesn't?

ABOUT VOLLARA:

You've always heard we are what we eat... NOT TRUE... we are what we ABSORB! Air, water and nutrients are all vital to our health and what we absorb is the key.

Vollara technologies offer complete health choices; choices to purify the air you breathe and the surfaces you touch, enrich the water you drink, support your immune system and strengthen your body.

Our proven business systems empower people to command their financial footing, to bring security to their lives, to provide for themselves and their loved ones and to help all of us care for this precious planet with which we have been blessed.

H₂FUEL

*Hydrogen-Rich, Energized,
Bio-Available Water*

H₂FUEL

Performance Hydration Bottle

Drink water that works for you...

- Increase hydration
- Improve energy levels
- Boost mood
- Flush toxins from the body
- Reduce oxidation normally associated with physical aging

Eco Friendly
Technology
